PROFILE

I'm a motivated and curious aspiring developer with a strong foundation in programming and web development. I'm eager to join a dynamic team where I can continue learning, grow my technical skills, and contribute meaningfully to real-world projects. I thrive in environments that challenge me to solve problems, collaborate with others, and apply what I've learned. I'm looking for opportunities that support continuous learning and personal development while allowing me to make a valuable impact.

WORK EXPERIENCE

Web development intern   2025 - 2025
Oasis Infobyte

- For this internship, I chose to build my personal portfolio. I focused on HTML, CSS, and JavaScript to make it more animated, beautiful, and interactive.

Web development intern   2025 - CURRENT
FNB App Academy

- It is focused on web development, software engineering, and database management. This internship will help me polish my skills in web development.
